DOLPHIN (PG) INSTITUTE OF BIOMEDICAL AND NATURAL SCIENCES,
MANDUWALA, DEHRADUN**

IQAC/DIBNS/10.02.04/2021-22/01

Dated: 30th July, 2022

**Summary of Feedback on Syllabus & its Transaction from
Students**

1. Emphasis more on practical work.
2. Curriculum of BPT is too vast and sometimes it is irrelevant. Syllabus should be refined and updated time to time
3. There should be case presentation sessions for students to improve their clinical knowledge in paramedical programmes.
4. Industrial visits to be more frequent to provide the students an insight regarding the internal working of the industry and also to give them exposure to the latest and sophisticated equipments.
5. Regular HoTs and Guest lectures to bridge the knowledge gap.
6. Frequent quizzes, presentations and groups discussions for making the topics clear and interesting for the students

(Dr. Shrutika Sharma)
Coordinator IQAC

Summary of Feedback on Syllabus & its Transaction from
Faculty

1. The curriculum needs to be revised to accommodate more subject oriented syllabus in Physiotherapy programme.
2. Faculty to attend FDPs to update their skills on advancements in their subjects.
3. Clinical Biochemistry should be taught prior to teaching of Nutritional biochemistry in M.Sc. Biochemistry.
4. As syllabus in almost all semester programmes has been recently updated by the University, the faculty is satisfied with the same.
