

Internal Quality Assurance Cell (IQAC)
Dolphin (PG) Institute of biomedical & Natural Sciences, Dehradun

Institutional Distinctiveness

In alignment to the vision and mission, the Dolphin Institute is committed to promote National Integration among the students, staff and faculty. A nation from all its perspectives can develop and flourish only when people despite the fact that they belong to a different caste, religion and region believe that they are one and share a joint identity and work towards national progress by adopting Nation First approach.

Education plays a critical role in achieving unity in diversity; Dolphin Institute has a wide representation of vast demographic diversity as students from almost all the states and UT are studying here. To develop the feeling of oneness among the students and also to instil the feeling of patriotism, Dolphin Institute has made a tradition to begin the day daily with prayers for almost 20 minutes followed by National Anthem at 9. 30 A.M. which reach to every corner of the campus through Public Address System. This daily ritual has become a part of campus life. This way all present in the campus develop respect for all the religions and appreciate each other's religious sentiments, and also develop a sense of compassion for each other and for the Nation.
